

### **VFRL Endorses Michael Wood for the Texas 6th Congressional District Special Election**

Veterans for Responsible Leadership (VFRL) is proud to support Michael Wood for the Texas 6<sup>th</sup> Congressional District Special Election. We believe Mr. Wood stands for the core principles of VFRL - strength, optimism, integrity, service, and civility. Since launching his campaign, he has stood up bravely against authoritarianism and the cult of personality around the former president, which are threats to American democracy.

Mr. Wood's desire to bring credit to the Republican Party through ideas and adherence to Constitutional norms rather than obedience to a man is consistent with the higher principles of service that he swore an oath to, like all of us did, when he served in the military. We are confident Mr. Wood will provide Texans with responsible, principled leadership and we encourage voters in Texas 6 to support him at the polls on May 1<sup>st</sup>.
